## THE MARSHMALLODY

THE NATIONAL ANTHEM OF THE MARSH GOBLINS

\*\*\*\* \*\* Here comes the queen

\*\*\*\* \*\* She's really mean

Sludge and mud and seeping oil

Rotting leaves, polluted soil

Is the diet of this Royal.

It's what she eats.

\*\*\*\* \*\* She's mucky and mean

\*\*\*\* \*\* So cringe for the queen.

\* = Rude noise.

## THE DAILY MARSH

# 'THE INCREDIBLE VANISHING'

## MYSTERY

That's what it's being called by the Police: "The Incredible Vanishing!!!". Yesterday afternoon 27 more children disappeared, bringing the total to 701.

### PARENTS WARNED

Parents are again warned to keep their children indoors, until the police have solved this mystery.

### NO CLUE

The Police still have no clues about how the children are vanishing. A close watch is being kept on the Old Market Square where it has been reported that fruit is disappearing mysteriously.

### PUZZLE

"It's a puzzle to me", commented Bert Sparkey, a Market fruitseller.
