Dear Mr. Delves

I see in the Kent Family History Journal that you are interested in an Eliza Jane Clark in Shorne 1840.

I am descended from the Clark family in Shorne (my mother's maiden name was Clark). There was an Eliza aged 5 months there in the 1841 census. Is this the one you are looking for? Her baptism is not recorded on the Bishop's Transcripts for Shorne but I have not seen the Parish Registers. I have seen transcripts of the PRs up to 1812 which are on the 141.

I enclose a descendancy chart of 3 generations from John Clark b~1761. I have been stuck at this point for several years. I have found quite a few possible baptisms for John but no real evidence of his origins. I know nothing before his marriage in 1793. It is possible he was married before this. I have added the MIs I recorded on a visit to Shorne in 1982.

If this is the family you want please let me know details of Eliza etc.

Yours sincerely,

Maureen Rawson
