Dear Aunt Dorothy,

Just a few lines to send
with our Christmas Greetings.

We trust this finds you well
and everything going nicely.

We are keeping about as
usual. This past year has
been a fairly good one in
respect of business.

David started attending the
University of Alberta this fall.
He wants to get a B. of Com.
degree, which will require 4
years study. He has had
quite a bit of practical ex-
perience in accountancy; he
has helped in my office a lot
in the past, and all last
summer did accounting work
for a pipe laying concern.

Faith is taking her last year of High School (Grade XII), and is continuing her musical studies. She also teaches piano to a number of pupils. She is frequently asked to play for special events of one kind or another. Thus she keeps very busy.

Tommy and Danny are in Grades V and IV respectively.

Tommy likes astronomy and space exploration, and Danny is forever "inventing" something! Both are getting to be big boys.

We want to say thank you for forwarding the legacy under Uncle Charles's will. We appreciated his thought and love.

Will close now as I have a number of letters to write.

We send our love to you and Charles and Barbara and her husband.

Yours lovingly,

Hattie & David,

David, Faith, Tommy & Danny.
