business side of things & have
a big pussy-cat that can't be
left - sometimes when Cyril is
up here it would be easier for
me to get away - I hope you are
all well & that the

Dear Dorothy, christening is a happy
day for you all. With love
Cyril

Thank you so much for your two
letters & kind gift for flowers, At the moment
the house is full of them so I will wait
a while, also we are thinking of sending
a contribution towards a fund for a 'Brain
Scanner' for the Neurological Hospital Huxst.
Wood Park, Heywards Heath which would
avoid people having to have the dye injection
in the brain that Bill had to have so I
know you would be happy for me to use
some of it for that purpose. Bill died of
a second bleed - a brain stem lesion but
there was a post-Mortem so I shall
hear next week from our Doctor more
details. We were delighted to see
Charles & Felicity who represented you all
& are glad that you didn't undertake
the difficult journey at that time of the

morning. The reason why the funeral was 10 A.M. Thursday was because Thursday was the only possible day, Friday being fully booked + 10 A.M. the only possible time. Please tell Barbara we did not expect her + shall love to see her some other time. At the moment I have the good fortune to have Michael + David with me. Michael will stay until his new term in January when he will return to Yab. - David flies off to Washington ^{to a Philosophy convention} just before Christmas but will return after about 10 days + continue his thesis at home for a month or two + then return to America if some interviews come up for a job for Autumn 1978. Reg stayed with me for a week + was a great help + we still have my sister-in-law, Nan, with us until Tuesday. Everyone is being so very kind. Chiv Chiv Co. sent 3 representatives one of whom conducted the service, Wye School also sent 3, otherwise we were just family + close friends. Thank you for your invitation to come to Dendyohi. I should love to some time next year. At the moment
